Township's 9 Elementary Schools To Graduate 215

A total of 215 students will be graduated from the nine elementary schools of Washington Township at exercises which begin Wednesday and continue through June 18.

The number of graduates is slightly less than the 226 graduated last year, but increases were noted at Decoto and Alvarado. Many of the schools are combining the graduation exercises with annual eighth grade plays to present a full evening's entertainment.

WEEK-END RAINFALL BOOSTS SEASON'S TOTAL TO 15.13

Post-seasonal rains continued to lash this area over the week-end, adding .70 of an inch to the season's total and thoroughly spoiling many picnic plans over the Memorial Day holiday, and causing some damage to crops here.

The first rainfall was recorded at .04 of an inch by the raingauge at the Southern Pacific depot in Niles. Storm clouds threatened throughout the day Monday and brought occasional showers, with an electrical storm riding from south to north along the hills bordering the township. Two head of cattle were killed by lightning on the Mackintosh Ranch at Mission San Jose during the storm.

Manuel Swartz, who maintains the rain gauge here, stated Wednesday that the season's total, since July 1, 1947, is now 15.13 inches, approximately 2 1/2 inches below the average yearly rainfall.

Vernon Miller, itinerant farm advisor, said Wednesday that the rain greatly reduced the quality of hay that had been cut. He stated that there was no reported damage to the truck and field crops. The early cherries, of which there are few grown locally, were damaged to the greatest extent, he added.

A LARGE DEPOSIT . . . This huge truck-trailer, loaded with glass bottles, was deposited on the sidewalk in front of the Central Bank in Irvington at "Crash Corner" about 8:30 a.m. Sunday. The trailer was twisted lodge from the tractor as it rounded the concrete monument in the center of the street and crashed into the position shown above.

Witnesses pointed out that it was fortunate the accident occurred on Sunday as more than 100 school children use that sidewalk during that hour each weekday. The tractor did not overturn and the driver escaped injury.

No formal meeting of the Irvington Chamber of Commerce was held Tuesday, but members indicated that they intend to ask the Division of Highways to make a survey and recommendations on the improvement of this corner, which is regularly becoming the scene of just such a mishap.

NEW PRINCIPAL FOR MISSION SCHOOL

The Board of Trustees of Mission San Jose Elementary School announced this week the appointment of N. E. Click of Alvarado to the position of principal of the school, succeeding E. B. Hodges, who recently submitted his resignation.

The men were Sabino A. Marceleno, 30, 27212 Mannon avenue, Hayward, whose victim was Martin R. Montanaz, 20, Centerville, and Manuel Baca, 20, 505 Railroad avenue, Decoto, who admitted stabbing Charles O. Weatherly, 21, Irvington.

FREAK STORM HERE KILLS TWO CALVES

Who says that California can't produce as good electrical storms as anywhere else in the U.S.A.?

To prove it, we have the experience—though definitely a sad one—of Mr. and Mrs. Earl Mackintosh of the Niles-Mission San Jose road.

Last Monday, during the freak storm, a streak of lightning searched out two of their yearling calves and electrocuted them. The loss was estimated at close to three hundred dollars.

The Mackintoshes, though naturally feeling the loss, were convinced that they had much to be grateful for, inasmuch as Mackintosh himself was standing only a few yards from the calves when they were struck, and might easily have been the victim.

The youth is Gonzalo P. Carrillo, 22, 530 Fourth street, who is held on \$2,500 bail set by Judge Manley Clark after his car collided with another machine, injuring four of its passengers. Witnesses said they saw Carrillo's car travel erratically down the highway before it side-swiped the other machine, driven by Milton E. Silverfoote of Hayward.

Hospital District Voted For Washington Township; Re-elect Stanley Supervisor

The establishment of a Washington Township Hospital District was voted favorably by local residents at Tuesday's election with 2,588 votes cast for the proposition and 633 opposed.

A meeting of the Hospital Committee, headed by E. E. Enos, was held last night at Washington Union High School, to fill out preliminary applications for state and federal funds and to tabulate a recently completed survey of the township. Enos said that the applications must be accompanied by statistics on population, number of doctors and registered nurses residing in the district, summaries of electrical, gas, water and sewer facilities, total assessed valuation of the district, and many other details.

Meeting with the group last night, to assist in the preliminary details, was Larue Sorensen, staff member of a hospital architectural firm in Carmel.

WILL NAME TRUSTEES

Enos said yesterday that the next procedure will be the appointment of a five-man Board of Trustees for the district by the Alameda County Board of Supervisors. He stated that at the conclusion of the first term of each of the trustees they will be elected by the voters here in like fashion to high school trustees.

In the race for County Supervisor from the First District, incumbent Chester E. Stanley defeated Samuel Ray by a vote of 3,833 to 1,550. Stanley carried Washington Township 2,868 to Ray's 1,063.

TOWNSHIP CONCERT ASSOCIATION OPENS MEMBERSHIP DRIVE

The membership campaign of the Washington Township Community Concerts Association was opened Monday evening with a dinner-meeting of the committee at the Country Club in Centerville.

Miss Lucille Thompson, organizer for the Community Concert Service, addressed the group, outlining the plan, its function, and its benefits. She warned the group that the number of memberships that could be accepted here is limited to 700, the seating capacity of the auditorium at Washington Union High School, where the concerts would be staged.

THREE CONCERTS

She stated that a headquarters has been set up at the Joe Adams garage in Centerville and the committee accepting memberships should report there to either Mrs. Edna Tyson or Mrs. Roland Bendel regularly, as the campaign will be closed as soon as 700 memberships have been received. Any memberships held by committee members after the deadline has been reached cannot be accepted, she added.

She stated that the membership fees would determine to some extent the artists that the local committee may select for performances here. When the campaign has closed the local committee will select three artists or groups of artists to present three programs here in the fall and winter.

Miss Thompson revealed to the group that artists available for performances in this area during the coming season on the Concert Series are: Lucia Albanese, Rose Bampton, Anne Brown, Helen Jepson, Edna Phillips, and Helen Traubel, sopranos; Jane Hobson, Nan Merriman, Mona Paullee, mezzo-sopranos; Jean Watson, contralto; John Carter, Charles Kullman, David Lloyd and Christopher Lynch, tenors; Todd Duncan, Igor

Peach Jam Superb

Recipe-tested in the Holly Sugar Kitchen

RECIPE

This jam's a joy for young wives to make—and it enchants even experienced cooks.

8 cups sliced peaches
1 1/2 cups Holly Sugar
1 tbsp. lemon juice
1/2 cup coarsely grated orange rind
1/2 cup orange juice

Mix all ingredients together and let stand, covered, 1 to 2 hours. Cook rapidly, stirring frequently, about 45 minutes or until syrup is thick. Pour immediately into hot sterilized fruit jars; seal at once. Or, pour into white hot with paraffin. Makes about 9 cupsful of peach jam.

Good things happen when you team up Holly Sugar with fruit. Because no sugar in the world is sweeter or finer in grain than this pure, white sugar your neighbors produce!

Many housewives hereabouts buy the sugar named HOLLY. They do so because Holly Sugar is perfect for baking, cooking, canning and at table. Always white—pure. Always sweet, free-running, fine in grain.

Holly is made from sugar beets which farmers around here grow. Holly Sugar is processed in the local Holly factory. All this puts money into circulation around here... is good for local business.

And this is important: When this local sugar is sold in these local parts—close to where it's grown and made—freight costs are saved. These are savings Holly shares with beet growers in this area. So the more Holly Sugar that is sold at home, the more local growers receive for their sugar beets.

Extra dollars kept at home help make your own living better. So don't accept just any sugar. Insist on getting HOLLY!

PATTERN FOR LABOR PEACE?

Settlement of the General Motors strike on the basis of a sliding scale cost-of-living wage adjustment may prove to be the most significant development in industrial-labor relations in recent years.

While similar arrangements have been successfully in effect for some time in a few small businesses, the GM agreement, affecting 225,000 employees, is the first cost-of-living contract to be worked out by a major industrial firm. It may set a pattern for settlement of strikes presently curtailing production in other large-scale industries. If successful, it should take the sting out of the traditionally bitter labor controversies that have plagued the Nation with increasing force.

The hotly disputed question of whether wage increases are responsible for higher living costs or vice versa should become academic if the two factors can be successfully tied together. In many cases employers have resisted arbitrary wage demands because experience has shown that increases tend to become permanent regardless of changing business conditions. But provisions for wage raises based on increases in the consumer price index, which later can be cut if prices drop, would give businesses some degree of protection.

One fault economists have found in cost-of-living contracts is their eventual effect of freezing living standards. The GM pact, however, appears to have overcome that objection by providing

for annual supplemental adjustments based on improved industrial efficiency.

It remains to be seen whether the new agreement will prove successful in all respects. But if industry and labor prove they can develop a workable formula for lasting industrial co-operation without the necessity for Government intervention, a vastly important forward stride will have been taken for the entire Nation's benefit.

ARMING THE ARABS

America is discovering that giving away or lending money is a very complicated business. An example of this complication was presented last week when Senator Bridges, New Hampshire Republican and chairman of the Senate Appropriations Committee, questioned whether ERP aid earmarked for Britain is enabling the British to carry out their military commitments to the Arab States.

These commitments, Bridges pointed out, include an \$8,000,000 annual payment to King Abdullah of Trans-Jordan for his Arab Legion—a Legion which has been in the forefront of the sanguinary fighting against the new Jewish State of Israel for possession of Jerusalem.

ERP Administrator Paul G. Hoffman quickly agreed to investigate and submit a report to Congress. Both the investigation and the report will be welcomed by the American people.

Obviously, it would be the height of irony for America, which is pumping billions of dollars into Europe to maintain peace, to discover that part of that money may be going into Arab pockets to support a fledgeling war against the newest member of the family of Nations.

The immediate question raised by Bridges, of course, is part of the larger question whether the United States should use recovery funds to force political concessions from receiving countries. Congressional opinion apparently is strongly divided on this point.

But on another point—whether American dollars should be used by any receiving nation, either directly or indirectly, to aid the military fortunes of another—Washington's answer will certainly be an unadorned negative. ERP aid is intended to bolster world peace, not undermine it.

OPEN LETTER TO A DOG

Dear Laddie:
How odd, to address this letter to you, a dog. Yet the oral word has failed. You have wagged your tail in that friendly, devoted way and have completely ignored our warnings. So now, in a quixotic last stand born of sheer desperation, I am writing to you, mindful of the power of the written word and hoping that you, Laddie, with that magical sixth sense instinctive with members of your species, will somehow feel that power.

It grieves me to tell you this, but that last escapade of yours—that delirious mad dash into the hills when you lost, for a while, those inhibitions forced upon you by a stifling civilization—have resulted in your very life being at stake.

Laddie, dear friend, consider this earnestly, will you? We could not bear to lose you. We have befriended you upon every occasion. Two years ago when you came to us as a soft ball of fur that somebody said would "grow up to be a beautiful collie," you completely won our hearts. Even though, after waiting several weeks for it to appear, you failed to grow that long collie coat and ruff that we expected, our affection for you never wavered. You had been named "Laddie" because we had thought you would be as beautiful as the "Laddie" of the movies. But could we have traded you—who turned out to be only part collie and part shepherd and part—well—just dog, for the original movie "Laddie," we would have hesitated not a second in keeping you.

As you grew from a puppy to an adult dog, there were moments, indeed, that tried our patience. There was the time, for example, when you killed a cat in the neighborhood. In a sort of perverted dog humor, your prey wasn't just an ordinary cat, Laddie. No, out of all the cats you might have selected you had to pick a cat that belonged to the deputy sheriff! Have you no respect for the law, my friend? Do you not feel the slightest bit of awe of it?

And then there are the garbage cans. It may hurt you and em-

barass you to be told this, Laddie, but people have complained. It is not as though we didn't feed you, so we are at a loss to understand this strange lure the garbage cans hold for you. But we have apologized for you, and forgiven you, and you—who could not understand—looked at us with sorrowing puzzled eyes when we had to tie you up. It was with heavy hearts at that time that we thought of giving you up, but one wild leap of joy when you saw us returning home, and one affectionate lick, and we realized that to give you up would be to give up our best friend. Who, but you, would race for blocks after the car when we start on a trip, telling us, in effect, that you cannot bear to see us go off without you? Who, but you, would give us the flattering attention, the approval of everything we do, the blind loyalty? For that devotion we have overlooked muddy paws on the carpet, an occasional missing chop, the mysterious disappearance of pats of butter off the table. We have done our best to explain away your frequent appearances at the school, where you, understandingly, are an unwelcome visitor. But how can anyone explain away the love of a dog for a little boy—a love so strong that it cannot be denied even during the short time that that little boy is in school.

But now this, Laddie—this latest peccadillo of yours—we cannot forgive, because it is out of our power to forgive. Chasing cats is one thing, but chasing sheep is quite another. We missed you when you were gone for those two days, but were so glad to see you again that we failed to investigate your absence. And then we were told—

Chasing sheep is the unforgivable sin in dogdom, Laddie. Remember, it's only your ancient enemy, the cat, that has nine lives. A dog has only one. So please try, for our sake, to make that life a long one.

Present at the meeting were three officials of the Phoebe A. Hearst Council, who took part in the installation ceremonies.

Mrs. Flora Conner, in reading the historian's report of the unit's activities, reviewed some of the highlights during Mrs. Gorman's term, the most important of which was the inauguration of the child health conference, the first of its kind in this area. The unit also played a large part in providing funds, through food sales, to supplement the cafeteria funds for underprivileged children.

The unit also, during the past year, recommended an essay contest to be held annually for eighth grade students, with the unit providing the incentive for this scholastic endeavor by offering a \$25 prize. This project is expected to be carried out next year, following a motion by eighth grade teacher Tom Morgan that the contest be made to include all the elementary schools in the township.

DOROTHY ADAMS TO HAVE A GARDEN WEDDING AT HER HOME ON JUNE 27

After chaperoning a group of 30 students to a performance of "Peter Grimes" at Stanford on Thursday night, and chaperoning a group of 85 glee club members on a picnic at Alum Rock on Friday, Mrs. Dwight Thornburg still had enough energy left to entertain guests on Sunday, including Mr. and Mrs. Homer Halsey of Belmont, Mr. and Mrs. Allan Walton of Centerville, Mr. and Mrs. Allan Hirsch of Irvington, and Mr. and Mrs. Ray Starn of Modesto.

Stormy Weather

Gladys and Les Duffey and Wally and Edna Ebright, not to be outwitted by the weather no matter how hard the rain, stuck it out on a three-day camping and fishing expedition in Calaveras county over the Memorial Day week-end. Even though the mud was ankle deep, they stoutly maintained that they "had fun." Also in the party were Mr. and Mrs. Stevens of Oakland.

Home from Paraiso

Mr. and Mrs. George Rogers of Nursery Road, Niles, have returned from Paraiso Hot Springs, where Mrs. Rogers got the much-needed rest she has long deserved. They enjoyed their stay very much.

Son to Delgados

Mr. and Mrs. Julio Garrido Delgado, 406 Ninth street, Decoto, are the proud parents of a new son born May 25 at Community Service Hospital, San Jose. He has been named Gilbert.

NILES NEWLYWEDS RETURN TOMORROW FROM TWO WEEKS HONEYMOON IN SOUTH

Expecting to return to Niles this week-end are the honeymooners Mr. and Mrs. Francis Rose, who were married at Corpus Christi Church in Niles at a four o'clock ceremony on May 23.

The bride, the former Dorothy Domenici, daughter of Mrs. Irene Henderson, repeated her vows at an altar beautifully decorated in all white, combining roses, gladioli, stock, and calla lilies. Those who did the decorating were Mrs. Lilly Brunelli, Mrs. Flora Silva, and the bride's aunt, Miss Zelmira Domenici.

Given away by her godfather, Mr. Jack Geib, the bride walked down the aisle in a white satin gown, with long train, carrying a bouquet of white carnations, bouvardia, lilies-of-the-valley, and white orchids.

Cesari-Ross Nuptials Tomorrow

Tying the marital knots tomorrow morning (Saturday) at Corpus Christi Church in Niles will be Helen Ross and Harry Cesari, both of whom are well known in the township.

Standing up as best man will be Mr. Cesari's twin brother, Morgan Cesari. Mrs. Morgan Cesari will be the bride's attendant. The ceremony will be performed by the Rev. Timothy Hennessy.

The bridegroom, who served in the navy during the war, is a graduate of Washington High, and also attended San Jose State for three years. He is presently engaged in the insurance business.

His bride, who also attended Washington High for a short time, is the sister of Mrs. Wesley Gordon of Hayward, a former Niles resident.

The couple will leave for a week's honeymoon in the southern part of the state.

To Oregon

Judge and Mrs. E. A. Quaresma, accompanied by former Senator and Mrs. E. H. Christian of Hayward, motored up to Gold Beach, Oregon, over the holiday week-end. The men had planned to go salmon fishing but the weather was too stormy so their fishing plans were cancelled.

In Reno

Mr. and Mrs. Leonard Lucio of Newark, and Mr. and Mrs. Harold Garcia of Irvington, spent the three-day week-end in Reno. "We came back broke but happy," they said. On the way they ran into a flurry of snow, which highlighted the trip for Mrs. Lucio as she had never before seen snow.

Baby Girl

A baby daughter, Claudia Fay, was born to Mr. and Mrs. Laurie Cronley of San Francisco last Tuesday, June 1, at the Hayward Hospital. Mrs. Cronley will be remembered here as the former Dorothy Fay Franklin. The baby weighed 8 pounds and 4 ounces at birth.

Back East

Mrs. Edith Dias and Mrs. George Bettencourt of Decoto left Sunday on the City of San Francisco for Cambridge, Mass., to visit friends and relatives. They will be gone three weeks, visiting New York and Washington, and returning by the southern rail route through New Orleans.

Week-Ending

Mr. and Mrs. Marsten Dassel spent the holiday week-end visiting relatives in Vacaville.

At Highland Hospital

A cheery note comes from George Barker, Niles' grand old man, who has been in Highland Hospital since May 10. He says, "Am getting along nicely. I get the Register each week. Mrs. Martinelli sends it out." He goes on to say, hopefully, that he may be out in a few days, but doesn't know for certain.

CENTERVILLE SCHOOL

Fred Rogers, fire chief of Centerville, visited the school on May 27. Chief Rogers turned in a surprise fire drill, inspected the school plant for fire hazards, and discussed fire prevention with the eighth grade class.

The eighth grade students enjoyed their annual trip to San Francisco on Saturday, May 29. The students visited Steinhart Aquarium, Natural History Museum, Simson African Hall, DeYoung Museum, Children's Play-ground, and Fleishacker Zoo. The group was accompanied by Mrs. Alice Lambrecht and Principal Tom Maloney.

The Junior Traffic Patrol has been invited to the Oakland-San Diego Pacific Coast League baseball game to be played in Emeryville tomorrow (Saturday).

Our school will close on Friday, June 18. Graduation exercises will be held in the auditorium on Friday evening, June 18, at 8 o'clock.

PLANS PROGRESSING FOR NEW BAY SPAN

Designs and cost estimates for a second San Francisco bay crossing, for both the proposed parallel bridge and the southern bridge-tube, will be completed by October or November this year, according to C. H. Purcell, public works director.

Working models of approaches and traffic distribution plans for both structures should be ready by that time, Purcell said, when the financing stage will be reached.

A contract has already been let for foundation borings in the bay along proposed sites for both structures. Design and cost estimates, plus approach planning must be completed before the California Toll Bridge Authority may begin negotiations for revenue bond financing.

Sentiment here favors the southern bridge-tube plan, while Director Purcell has indicated his preference for a high-level bridge paralleling the present bay bridge.

Sand hills up to 200 feet are not uncommon.

SPORTS

THREE UNDEFEATED TEAMS AT TOP OF SOFTBALL LEAGUES

With the second week of the Washington Township Softball Association league play drawing to a close, three teams were perched atop the standings in the two leagues with undefeated records up to last night's games.

In the American League, Mission San Jose Firemen and Klein's, who met each other in last year's playoff, are again neck and neck with two wins each against no defeats. Native Sons and Vilela's are in the cellar position having been unable to break into the winning column as yet.

A new team in the Association, Pacific States Steel, is the only undefeated team in the National League, followed by L & V. Farm Sales, another new team, in second place.

A review of the games played the past week shows Pacific States Steel blanking L & V by a score of 5 to 0 and Central Chevrolet rolling over Westvaco 7 to 1 last Thursday. Friday evening Mission Firemen shutout Vilela's 8 to 0 and Wedgewood knocked off the Mission Junior Firemen 12 to 10 in a wild scoring encounter.

After a rest over the week-end holiday, play was resumed Tuesday evening with the Frick club nosing out Kraftile 7 to 6 in the National League and Klein's downing Native Sons 7 to 4 in one of the best games thus far this season, going extra innings, in the American.

Wednesday night's double-header featured two closely played games with Westvaco outscoring Vilela's 4 to 3 in the American and L & V downing Mission Juniors 3 to 2.

MARLO CLUB BEATS PORTO RICAN TEAM

Sam Elizarrey pitched a five-hit game for the Marlo ball club of Decoto last Sunday against the Porto Rican team to give his club a 6 to 1 victory.

The game, played on the Decoto Elementary School diamond, was witnessed by a capacity crowd. Leading the hitting on the Marlo club were Joe Gonzales and Pete Rebiejo.

The United States system of national forests was established between 1891 and 1907 for watershed protection and timber production.

FRICK'S UNBEATEN IN LEAGUE PLAY

The Frick Plumbers, softball team playing in the Hayward A League under the sponsorship of Frick's Plumbing Company, Niles, has run up an outstanding record thus far this season.

The club is tied for first place with Mel & Rudy's team of Hayward with both teams as yet undefeated. These teams are slated to meet each other on June 10 at 7 p.m. on the Bret Harte diamond to battle for the sole position at the top of the league ladder.

Vincent Maldado, a former Niles boy who is now residing in Hayward, is the pitcher for the Frick club and in his first two starts has held his opponents scoreless.

STUDENT PLAY AT IRVINGTON TONIGHT

"A Date with Judy," a three-act comedy by Aileen Leslie, will be presented by the eighth grade class of the Irvington Elementary School tonight (Friday) under the direction of James Howden, instructor at the school.

The annual production, by the class that will graduate on June 18, will be presented at 8 p.m. in the school auditorium with no admission charged.

The cast of characters includes: Audrey Turnbow, Gathian Neeley, John Connolly, Bernice Lemos, John Lynch, Bette McMahon, Shirley Beach, Romelia Zendejas, Lorraine Albert, Eddie Chitwood, David Cross, Beverly Pearson, Janet Robertson, Jeanne Hirashi, and Douglas Bengie. Robert Espinoza will serve as stage manager with Bryce Phillips as prop manager and Janie Noll as prompter.

IRVINGTON CLUB BEATS CLEAR LAKE

The Irvington Merchants, playing last Sunday at Clear Lake, out-hit the Lakeshore nine to score an 8 to 5 victory.

The local club, scheduled to play both Saturday and Sunday, was rained out of its opening game, but uncorked a vicious batting attack against the Sunday opponents with five of Frank Mayer's club getting two hits each. The wives of the players accompanied the team on the trip and reported a highly enjoyable week-end. Mayer said this week that the Lakeshore team had extended them an invitation to return over the July 4 holiday for a series of two games.

Sunday afternoon at 2 p.m. the Irvington team will be host to the Hernandez Market club of Hayward on the elementary school field.

NILES DOWNED 4-1 BY FAIRFAX NINE

The Niles Merchants, playing a postponed game Monday afternoon on the Lockwood diamond against the Fairfax Merchants, went down to a 4 to 1 defeat.

Junior Holderfield pitched an 8-hit game, allowing but one walk. The Niles club drew first blood, scoring its lone run in the third inning. The Fairfax club bunched their hits to get three runs in the fifth and added another in the seventh. Manager Tom Pugmire stated that he was short of players, many of his regulars being on vacation over the week-end holiday.

A return match has been arranged for this Sunday and will be played at Fairfax High School in Oakland on 98th avenue at 2:30 p.m.

COUNTY TAX RATE INCREASE SHOWN

Salaries and wages in Alameda county's budget for 1947-48, the fiscal year which ends June 30, upped the county tax rate 22.02 cents, maintenance and operation raised the rate 13.8 cents, age aid caused a 1.83 cent increase in the county rate, other welfare aids increased the rate 9.64 cents, capital outlay caused a 5.96 cent increase, bond requirements cut the rate .14 cents, and provision for reserves increased the rate 2.75 cents, California Taxpayers' Association reported this week, making public its study of factors causing changes in county tax rates for general purposes for 1947-48.

Total tax rate for general county purposes for the county was \$1.93 for 1947-48, compared with \$1.524 for 1946-47.

Subventions and grants from the federal and state governments, surplus, nontax revenues, unsecured taxes, change in valuation of taxable property, and provision for delinquency also affected the tax rate, the association pointed out.

Duplicate This Picture and Save Money!

No greater indication of the necessity for more home canning need be cited than the U. S. Department of Agriculture campaign for 20 million home gardens in 1948, an increase of three million over last year's goal. The Department says adequate home gardens are needed to increase the domestic food supply when many areas the world will desperately need

all the food this country can ship abroad.

So while you can set up a picture like the one above in your own kitchen, Mrs. Housewife, be sure to do so and you will have plenty of nourishing, flavorful home-canned fruits and vegetables for your family's use next winter. And you'll be able to bolster your food budget against high prices!

Keep a supply of your favorite fruit jars, caps, lids and rubbers on hand; then you can put up fruits and vegetables as soon as they come from the garden or your grocer gets in a fresh supply. Select clean, sound, fully ripe fruits, young, tender, garden-fresh vegetables, and can them according to your fruit jar manufacturer's instruction.

SPEAKER AT MEN'S CLUB FAVORS FIRM STAND WITH RUSSIA

Dr. Robert J. Kerner, professor of history at University of California, speaking before the members of the Washington Township Men's Club last Thursday evening, told the group that it was his opinion that preparedness on the part of this country would prevent war with Russia.

SHOULD CALL BLUFF

Speaking on the topic, "Russia and the World Crisis," Dr. Kerner stated that he did not favor the demobilization plan the United States carried out at the conclusion of the war, pointing out that Russia had continued to maintain a powerful armed force. He warned that this country should be cautious of Russia in her peace talks and that a firm stand now in calling Russia's bluff would avert a future war. The unrest in the Far East in the governing of Japan could be a springboard for peace or a springboard for war, he said.

Dr. Kerner said he was confident that the Russian scientists have the "know how" of the atomic bomb but have never been able to produce the bomb because of financial and production weaknesses.

HARRY WEBER FETED

Rena Marcel, popular vocalist and accordionist, opened the meeting at the Country Club in Centerville with several selections and succeeded in getting several local "vocalists" to present surprise performances.

Harry Weber, immediate past-president of the organization, was presented with a leather briefcase by L. S. Williams, another past-president, for his outstanding service during his presidency last year. President J. L. MacGregor, Centerville, presided over the meeting.

LEAVES ON 3-MONTH CRUISE OF PACIFIC

Robert L. Solon, son of Mr. and Mrs. Leon Solon of Niles, sailed last Thursday as engineer aboard the S. S. President Cleveland out of San Francisco.

"Outcrops" are patches of bedrock exposed at the surface of the earth.

CENTERVILLE P.T.A. INSTALLS OFFICERS

The newly elected officers of the Centerville Elementary School Parent-Teacher Association were installed at ceremonies held in the school auditorium last Friday evening.

The new officers are: Mrs. Raymond Rodriguez, president; Mrs. George Roderick, vice-president; Mrs. Jack Holland, secretary; Mrs. Leland Silva, treasurer; Mrs. Tom Maloney, financial secretary; Mrs. Alice King, historian; Mrs. Henry Dias, parliamentarian; and George Roderick, auditor.

A program presented by the students of the school included selections by the orchestra, piano selections by Patricia Santos and Marlene Dias, and folk dancing by the seventh and eighth grades.

Mrs. E. H. Lum, president of the Hayward Area Council of Girl Scouts of America, was the guest speaker, and explained fully the Girl Scout program planned for this area.

An added attraction was Johnny Kiado and his accordion. Kiado is from Hollywood and was in

Oakland for the Ford Western Roundup. Following the program a social hour was enjoyed by the parents in the cafeteria, and a special program and refreshments were enjoyed by the students in the auditorium.
